1. Cracow Transport Program
2. School Digitalization Program
3. Airport Security Improvement Program

PORTFOLIO:
1. Europe Airport Portfolio.
2. Cracow City Portfolio
3. Harvard University Portfolio

Homework 2 - Identify which stages of the Software Development Life Cycle (SDLC) each role is involved in. Also, For eacch role, indicate which side it represents: Client, Contractor, or Both.

Role	Stages	Side
Executive Sponsor	*Conceptualize, Discover, Specify, Run*	*Client*
Salesman	*Conceptualize, Discover, Specify*	*Contractor*
Project Manager	*Discover, Specify, Construct, Validate, Deliver*	*Contractor*
Program Manager	*All stages*	*Both*
Project Portfolio Manager	*All stages*	*Both*
Product Manager	*All stages*	*Client*
Business Analyst	*Discover, Specify, Validate*	*Contractor*
System Analyst	*Specify, Construct, Validate*	*Contractor*
Subject-matter Expert (SME)	*Discover, Specify, Validate*	*Both*
Architect	*Specify, Construct*	*Contractor*
Development Team	*Construct, Validate, Deliver*	*Contractor*
Quality Assurance (QA)	*Specify, Construct, Validate*	*Contractor*
Quality Control (QC)	*Construct, Validate*	*Contractor*
Configuration Manager	*Construct, Validate, Deliver, Run*	*Contractor*
Analyst	*Specify, Validate, Run*	*Both*
Professional Services	*Validate, Deliver*	*Both*
Support Team	*Deliver, Run*	*Contractor*
UI Team	*Specify, Construct, Validate*	*Contractor*

End User	*Discover, Validate, Run*	*Client*
Software Engineering Process Group (SEPG)	*All stages*	*Contractor*
